Abstract

Directory of Farmer Cooperatives

Katherine C. DeVille, Jacqueline E. Penn, and Charles A. Kraenzle

This directory contains a listing, by State, of more than 400 farmer-owned marketing, farm supply, service, bargaining and fishery cooperatives. A cooperative must have had sales of \$45 million or more in 1996 to be included in the directory. For States with no cooperatives that had \$45 million or more in sales, the largest ones were chosen. Additional cooperatives were included based upon uniqueness of products handled or services provided, or were included in the previous directory.

Keywords: Cooperatives, marketing, farm supply, service, bargaining, directory.

Service Report 22
Revised April 1998

Preface

The Directory of Farmer Cooperatives was first published in 1968 by the National Council of Farmer Cooperatives. This 10th edition is the fourth to be published by the U.S. Department of Agriculture.

This directory contains a revised listing, by State, of more than 400 farmer-owned marketing, farm supply, service, and bargaining cooperatives. Where applicable, the e-mail and/or internet home page address was included.

Cooperatives are designated according to type, in most cases marketing, farm supply, service, bargaining, or a combination. Marketing cooperatives are those that assemble and market commodities produced mostly by their farmer-members. Fishery cooperatives are also included. Marketing cooperatives may or may not engage in processing. Farm supply cooperatives purchase and/or manufacture farm supplies for distribution mostly to farmer-members. Service cooperatives perform a range of farm production- and management-related services, such as ginning, grove care, agronomic services, financial and management consulting, artificial insemination and herd management, transportation and storage. Bargaining cooperatives negotiate price, quality, and delivery terms with buyers on behalf of their members. They typically do not take title to commodities.

The directory also includes an alphabetical index of cooperatives and a listing of State councils or associations of cooperatives.

The authors extend their appreciation to cooperatives for providing the information necessary for updating this publication.

We urge readers to advise us of changes as they occur so the directory can be updated in a timely manner. Please call Charles A. Kraenzle, RBS, at (202) 720-3189 or FAX any changes to (202) 720-4641 or send an e-mail message to ckraenzl@urdev.usda.gov.

NATIONAL AGRICULTURAL LIBRARY

1022541787

U.S. Department of Agriculture

Rural Business-Cooperative Service

Stop 3250

Washington, D.C. 20250-3250

* NATIONAL AGRICULTURAL LIBRARY

1022541787

Rural Business-Cooperative Service (RBS) provides research, management, and educational assistance to cooperatives to strengthen the economic position of farmers and other rural residents. It works directly with cooperative leaders and Federal and State agencies to improve organization, leadership, and operation of cooperatives and to give guidance to further development.

The cooperative segment of RBS (1) helps farmers and other rural residents develop cooperatives to obtain supplies and services at lower cost and to get better prices for products they sell; (2) advises rural residents on developing existing resources through cooperative action to enhance rural living; (3) helps cooperatives improve services and operating efficiency; (4) informs members, directors, employees, and the public on how cooperatives work and benefit their members and their communities; and (5) encourages international cooperative programs. RBS also publishes research and educational materials and issues *Rural Cooperatives* magazine.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 14th and Independence Avenue, SW, Washington, D.C. 20250-9410 or call (202) 720-5964 (voice or TDD). USDA is an equal opportunity provider and employer.
